Case Consulting
Now specializes in...

Is your child suffering with anxiety in social settings... difficulty speaking & interacting?

Therapy for Selective Mutism

Why choose this therapy for Selective Mutism from The BehaviorExcellence™ Program?

“My daughter Rachel has made a huge leap with her Selective Mutism due to her work with QDS. She went from not speaking at school for 4 years to speaking like any other child within 3 months of service.” –M.E., parent

“After more than a year of trying to find appropriate help for Isabelle, the BehaviorExcellence Program was a savior! Isabelle is making great progress and we are so excited about her future! I would recommend QDS to all families dealing with Selective Mutism!” –J.B., parent

“I can’t say enough positive things about the incredible progress Micah has made and how Quinn Developmental Services played a leading role in that progress. My heart is jumping for joy. Micah is now participating in class. He raises his hand and actually answers questions to the teacher (in front of his peers) when called upon and also speaks with other children.” –L.S., parent

What is the therapy for Selective Mutism?

We send a therapist into your child’s home, school, and community settings to work with the child, and their parents, to gently reduce the child’s anxiety while increasing their ability to speak and engage through non-invasive play and social interactions, while staying in environments the child is most comfortable in.

Who is this for? (ANY of the following below)

- Children who frequently speak in some settings but not at all in other settings.
- Children who speak to some people but never to others &/or novel people
- Children who present as “shy”

What do we get?

- **Weekly** therapy with child, family, & others
- Therapy in all relevant settings (home, community, school)
- Parent Training (of Courses/In-Services offered)
- Goals Developed for your child
- A variety of gentle methodologies

We have been serving children of all ages in the area since 1994. Eileen C. Quinn MS-ABA, BCBA founded The BehaviorExcellence™ Program on the principles of Applied Behavior Analysis and Therapy. Eileen has over 20 years experience with a wide range of ages and diagnoses. The BehaviorExcellence™ Team consists of Board Certified Behavior Analysts (BCBA), Behavior Specialists, Special Education Teachers, and Field Specialists.
